## ENGLISH ABSTRACTS

### A

**A global comparative analysis of relatives' visiting practices within ICU**

T Collins, C Plowright; 148

**A pilot study of sound levels in an Australian adult general intensive care unit**

R Elliott, S McKinley, D Eager, S Ladanyi; 150

**A water overload treatment in ICU with peripheral veno-venous approach: a new minimally invasive technique**

P Celotti, A De Monte, L Peressoni, A Zanetti; 144

**Activities undertaken by registered nurses in the ICU: a work sampling observational study**

M Foster, N Murphy, W Chaboyer; 152

**Adverse events at the ICU: nurses' perception on the non-punishment culture (poster)**

K Grillo Padilha, C Claro, DC Krokosz, MC Toffolito; 155

**Ahead of local time: preparing Macedonian nurses for state of the art ICU**

T Pampel; 166

**An evaluation of the outreach teams in the UK and the ICU Liaison teams in Australia**

A Green; 153

**Application of NANDA, NIC in post-operative of cardiovascular surgery in Peru (poster)**

P Chauca, R Gonzales; 145

**Are our patients enough aware of warfarin therapy?**

T Sengul, U Sipahi, A Yilmaz; 173

### B

**Being the nurse for a decerebrate patient: a phenomenological study**

H Cicek, A Demirtas, N Tosun, A Yava, CT Ozcan, N Akbayrak; 147

**Binational mentor program for intensive care research coordinators-results of an audit of the utilisation (poster)**

B Curwood, S O'Connor, J Chamberlain, K Marsden, J Mehrrens, D Rajbhandari, M Tallot, J Thomas; 149

**Black Saturday**

M Pacquola, N Adams, H Menezes; 166

**Booming and blooming: meeting diverse needs and population growth with practice development in Dubai**

M Fielding; 152

### C

**Clinical effect of emergent percutaneous intervention on in-hospital mortality of octogenarian with acute myocardial infarction admitted to coronary care unit (poster)**

E Shin, MH Jeong, MW Yeo, SH Lee, ES Lee; 174

**Comparing two different methods for measuring cardiac output (poster)**

R Parke, J Beca, P Reed, S McGuinness, R Patel, B Kent; 168

**Conflict management in ICU**

V Dumbovic; 150

**Cost-benefit analysis of an ICU psychosis prevention strategy**

EH Lee, SA Park, JH Kim; 160

**CQI strategies for reducing the incidence of unplanned endotracheal extubation in an ICU (poster)**

S Chen; 145

**Creating a discharge plan for IVAD patient intended to community setting**

N Shnaider, I Ribakovsky, Y Boykis, Y Nigel; 175

**Critical care nurse development requires support beyond the acquisition of clinical knowledge**

T Moylan, J Watterson, S Brack; 164

**Critical care nurses' perceptions of end-of-life care and their nursing practice in Japan (poster)**

A Yamada, E Takamizawa, K Mori; 180

**Critical care nursing course in Turkey (poster)**

O Yazici Korkmaz, E Turkmen, S Abali, S Balci; 182

### D

**Determining standard criteria for endotracheal suctioning in the paediatric intensive care patient**

K Davies, L Monterosso, GD Leslie; 149

**Development of organization**

A Friganovic, V Dumbovic; 153

**Development of postgraduate level competencies for critical care nurses**

M Hadjibalassi, E Papastavrou, A Merkouris, E Lambrinou, E Athini, E Georgiou, E Nicolaou; 154

**Development of trauma nursing competency standards in ICU**

C Birch, J Watterson; 141

**Dichlorvos- and methomyl-induced respiratory toxicity results from central muscarinic effects (poster)**

F Baud, P Houze, G Levy, A David; 141

**Difficulties in practicing end-of-life care of nurses and their efforts to deal with (poster)**

Y Itojima, H Takaoka, N Sakata; 157

**Do patients demand immediate discharge from the cardiology ICU? (poster)**

A Demirtas, H Cicek, A Yava, N Tosun, N Akbayrak, CT Ozcan; 150

**E**

**Effective discharge and handover from ICU (poster)**

L Retallick, L Massey; 172

**Effective ICU patient allocation processes results in optimal patient care and staff satisfaction**

S Brack, S O'Brien; 142

**Effects of standardized oral care protocol and disposable ventilator circuit on the reduction of ventilator-associated pneumonia and nosocomial infection among ICU patients (poster)**

E Shin, MY Yeo, MH Jeong, SY Hwang, ES Lee; 174

**Efficacy of subglottic secretion drainage with a multilumen endotracheal tube**

P Young, D Reid, A Fletcher, J Carter, M Blunt; 182

**Errors in health care and the patient safety - analysis of transcription process**

MJ Landeiro; 160

**Europe: Levels Of Intensive-Care Nurses' Knowledge Survey (E-LINKS)**

P Fulbrook, J Albarran, B Baktoft, B Sidebottom; 153

**Evaluate the success and failure of early extubation in COPD patients after completion of bariatric (poster)**

E Zampier, PM Ono, SH Mendes, NF Serr; 183

**Evaluation of deaths occurred in a University Hospital (poster)**

R Moritz, F Machado; 164

**Evidence to practice – shifting what we know to what we do in the PICU**

M Coetzee, C Bonaconsa; 148

**F**

**Factors affecting on family members' anxiety at the time of transfer from ICU (poster)**

HK Kwon, MS Song; 159

**Family members successfully partner with nurses to provide fundamental care for patients in ICU**

M Mitchell, W Chaboyer, M Foster; 164

**H**

**Haemodynamic effect of administrating lebosimentanis in patients with low cardiac output**

A Kouimtzoglou, A Margazas, S Diplou, A Antoniou; 158

**Health outcomes of children with traumatic injuries: a linked data project**

A Ramelet, J Finn, S Erickson, A Duncan, K Langdon, G Geelhoed; 172

**Hemodynamic and physiologic monitor during postural change after CABG predicted short term outcomes (poster)**

Y Hui Tzu; 156

**Hemodynamic changes during the bed bath: a pilot study (poster)**

AF Miranda, MB Goncalves, O Petrucci, AG Tocina; 163

**How do intensive care patients' respond to painful initiatives? (poster)**

F Eti Aslan, S Karadag Arli, M Yavuz, I Aytacoglu, K Temiz, E Cinar, S Purisa; 152

**I**

**ICU follow-up services: an Italian national survey**

M Solaro, L Migliaccio, A Peris, JA Griffiths, G Becattini, S Bambi; 175

**Improving clinical communication and patient safety in ICU: the HELiCS initiative**

D Rajbhandari, R Iedema, E Merrick, R Herkes, M Lucey; 170

**Incidence of atrial fibrillation in patients after aortic or mitral valve replacement**

E Liapi; 161

**Influence of leadership styles on leadership effectiveness: the perspective of registered nurses (poster)**

S Chi; 146

**Influence of nursing workload on catheter-related bloodstream infection in a critical care unit (poster)**

A Jara Perez, FJ Carmona Monge, M Martinez Lareo, G Rollan Rodriguez, I Cerrillo Gonzalez, S Garcia Gomez, C Quiros Herranz, R Alameda Varela, R Ruiz de Luna, A Algora Weber; 157

**Influences of night time nursing interventions upon sleep of healthy volunteers in simulated ICU (poster)**

N Hirakawa, Y Ikematsu; 156

**Innovations in seating for patients in the ICU**

T Williams, GD Leslie, R Bingham, L Brearley; 180

**Innovative critical care education: building confidence through high fidelity simulation**

S Goldsworthy, L Graham; 154

**Introducing electronic journey boards to ICU (poster)**

J Jennings, K Clark, P Donaldson; 158

**Investigation of respiratory flora in cardiological patients after endotracheal intubation (poster)**

A Spirou, G Saroglou, Z Aggelopoulou; 176

**Irukandji Jellyfish envenomation: recognition and nursing management**

K Poulis, B Simmonds; 170

**Is the neck pillow effective against the positional neck pain in patients undergoing cardiac surgery? (poster)**

A Koyuncu, A Yava, F Koyuncu, M Kurkluoglu, U Demirkilic; 159

**Isolation recommendation and standards in adult ICU of Turkey University Hospital, Finland (poster)**

N Kallio, J Lehtinen, T Peltokangas, T Joutsalainen; 158

**K**

**Keeping ICU nurses away from exhaustion (poster)**

H Cicek, A Yava, N Tosun, CT Ozcan, A Demirtas, N Akbayrak; 147

**Knowledge and attitudes of cardiology and cardiovascular surgery nurses about pain management**

A Yava, A Koyuncu, N Tosun, H Cicek, B Dizer; 182

**Knowledge and management of tracheal tube cuffs among nurses of ICU in Korea (poster)**

S Chang, M Song; 144

**L**

**Leadership competencies and influencing factors perceived by Indian critical care unit nurse managers (poster)**

J Vati, A Nafra, M Sharma; 178

**Life saving facilities: a new modern hospital in Western Africa (poster)**

Z Zohar, Y Rubin, A Stamler; 183

**Living with non-invasive ventilation at home: patients' perspectives and experience**

F Bastos, A Silva; 140

**Local experience with the use of bubble CPAP in infants with bronchiolitis: a 4-year follow-up study**

K Mills, J Smith, A Pirret; 162

## M

**Mapping delirium assessment in Australian and New Zealand ICU**

S Elliott, R Mistarz, A Whitfield, D Ernest; 151

**Medical students' narratives on non-verbal communication in a paediatric ICU**

LM Vivian, A McKay, N Msimeki; 179

**Meta-analysis of the effectiveness of psychological support for the improvement of coronary heart**

Z Aggelopoulou; 139

**Moral distress in Hellenic ICU nurses and associations with autonomy and collaboration**

E Papatthanassoglou, S Haikali, M Kalafati, M Karanikola, M Giannakopoulou, C Lemonidou; 167

## N

**Needlestick and sharp injuries among ICU nurses**

S Samancioglu, A Durmaz Akyol, D Unlu, E Saban; 172

**Nurses' perceptions and knowledge of tight glycaemic control**

R Alameda Varela, C Quiros Herranz, S Garcia Gomez, M Martinez Lareo, FJ Carmona Monge, A Jara Perez, G Rollan, I Cerrillo Gonzalez; 139

**Nursing activities score in Norway**

S Stafseth; 176

**Nursing clinical supervision in the professional training**

R Pires, AM Pires; 168

**Nursing educational strategies for the management of heart failure (poster)**

W Cañón Montañez; 143

**Nursing staff allocation and patient outcomes in ICU (poster)**

K Grillo Padilha, S Bento, K Mourek, K Colbert; 155

## O

**Observing the weaning of long-term ventilated patients in ICU**

C Kydonaki; 159

**Open ICU: the experience of Santa Maria Annunziata Hospital**

L Matteucci, L Corsini, S Gori, C Nocentini, E Prospero; 162

**Open ICU versus closed ICU**

R Oggioni, A Bencivinni, S Niccoli, A Giachetta; 165

**Out-of-hospital cardiac arrest in a medical center in Taiwan: an observational study (poster)**

L Min-Ling; 163

## P

**Patient hygiene in the ICU: a descriptive study of bed-bathing practice (poster)**

F Coyer, J O'Sullivan, N Cadman; 149

**Patients' experience of pain after cardiac surgery: pain definitions, procedures that cause the most and relieve the most pain (poster)**

F Eti Aslan, A Badir, S Karadag Arli, F Demir, H Cakmakci; 151

**Pattern recognition of culture and psycho-social information in a PICU (poster)**

LM Vivian, CR Swanepoel, V Burch, AC Argent; 179

**Perceived impact of stress on cognition and performance in ICU nurses**

J Perry, R Endacott, K Page; 168

**Perceived work stress level and underlying stressors among Indian critical care nurses (poster)**

J Vati, R Sharma, S Sachdeva; 178

**Phenomenological analysis of the experience of implementation of an automatic defibrillator**

JM Cachon, D Palacios, C Alvarez; 142

**Planned nursing care decreases morbid complication and may increase the patient satisfaction (poster)**

A Yava, A Koyuncu, F Koyuncu, H Cicek, N Tosun; 181

**Postoperative pain and patients' needs for pain management after cardiac surgery (poster)**

A Yava, A Koyuncu; 180

**Presence of stress at nurses in work with critically ill patients (poster)**

P Mirkovic, G Dragosev, G Kukolj, S Alijevic; 163

**Pressure ulcers in ICU: relation between pressure ulcer risk, patient severity and nursing workload**

ML Pedreira, F Wenzel, M Cremasco, S Zanei, I Whitaker; 168

**Principles ethics and intensive nurse care**

JM Cachon, C Alvarez, D Palacios; 143

**Professional autonomy, collaboration and moral distress among European ICU Nurses**

E Papatthanassoglou, M Kalafati, M Karanikola, J Albarran; 167

**Prolonged cardiopulmonary resuscitation process and lower frequency of medicare staff visit independ**

J Tsai; 177

**Proposal for introduction Richmond Agitation Sedation Scale**

T Cividini; 148

**Proposal of socio-educational center specialized in reorganization after disasters (poster)**

E Zampier, CE Stange, AS Sales; 183

**Psychological support and coronary heart disease patients outcomes**

A Spirou, Z Aggelopoulou, E Papatthanassoglou; 176

**Psychophysiological ventilator weaning model (PVWM): a model testing**

Y Chen, AH Davis; 146

## R

**Reducing the rate of central catheter infection in ICU: a review of healthcare failure (poster)**

J Tsai; 177

**Relatives' experiences of caring for patients at home following a critical illness**

C Plowright; 169

**Research on nursing basic ability (poster)**

C Chu-Ling; 146

**Resource nursing in critical care**

V Leon, A Lyons, K Marine; 161

**Results of nursing interventions in coronary ICU: a pilot study (poster)**

S Balci, O Yazici Korkmaz, S Abali; 140

**Rostering complexities: using video-reflexivity to facilitate understanding between managers and nursing staff**

K Carroll; 143

**S**

**Singapore volunteers overseas project: a 3-year train-the-trainers programme in paediatric ICU (poster)**

SK Lee, NL Pang, LL Ong; 160

**Slipping into SLEDD (sustained low-efficiency daily dialysis)**

L Nusdorfer, V Godfrey; 165

**Stress peptide levels and lymphocyte apoptosis in critical illness (poster)**

E Papatthanassoglou, M Mpouzika, M Giannakopoulou, E Bozas, S Mpoti, A Karabinis; 167

**T**

**Taking critical care outside**

C Plowright; 169

**The care of delirium given by ICU Nurses (poster)**

S Ito; 157

**The comparison research on the learning level of nursing senior students about interpreting ECG in T**

H Bana Derakhshan; 140

**The distribution of the diagnosis of acute coronary syndrome according to the socio-economic condition**

S Abali, O Yazici Korkmaz, S Balci, H Aydemir; 138

**The effect of discharge instructions on the return to functional abilities of stroke patients (poster)**

F Aganon, AR Conde; 138

**The efficacy of bright light therapy in the peri-operative period for the prevention of delirium (poster)**

T Taguchi, S Nishioka, M Nakamori, T Wakayama, K Kashiwabara, R Taneike; 176

**The future is here! Simulation + e learning = accessible education for critical care nurses everywhere**

S Goldsworthy, L Graham, J Bennett, S Sproul, J Rush; 154

**The impact of nursing rounds on patient care (poster)**

L Aitken, S Clayton, E Burmeister; 139

**The oxygen supply and demand framework: a tool to support integrative learning (poster)**

E Shackell, M Gillespie; 174

**The patient's clinical documentation in the ICU of Treviso**

L Gambirasi; 154

**The prediction and prevention of arrhythmias in acute inferior MI and nursing care with an interesting ECG (poster)**

MT Sareban; 173

**The role of nursing workload on glycemic control (poster)**

C Quirós Herranz, S Garcia Gomez, M Martinez Lareo, I Cerrillo Gonzalez, G Rollan Rodriguez, A Jara Perez, R Alameda Varela, FJ Carmona Monge; 170

**The role of the preoperative anxiety on delirium after open heart surgery**

A Yava, A Koyuncu, F Koyuncu; 181

**The use of standing orders and authorised prescribing by a critical care outreach nurse practitioner**

A Pirret; 169

**The "zassi bowel management system": a healing accelerator of the perineum burn wound**

I Menachem, A Mayo, Y Barlavie, Y Ulman, M Sabag; 162

**Transfusion-related acute lung injury and nursing care**

V Bracko, D Satosek, B Juvan, Z Nagode; 142

**U**

**Ultrasound-guided percutaneous arterial puncture in children: a randomized controlled study (poster)**

ML Pedreira, CB Franco, MA Peterlini; 168

**Unidentified viral haemorrhagic fever in the critical care setting**

A Hayward, N Sewlall, WJ Erasmus, J Erasmus; 155

**Use of bedside inhaled anaesthetics for status asthmaticus in Kartagener**

E Casey; 144

**Use of computerized patient database and learning environment to promote evidence based nursing (poster)**

E Valovirta, A Lappalainen, J Kotila; 177

**Utility and feasibility of mobile wound care documentation tool in the management of pressure ulcers (poster)**

L Nusdorfer, P Rowan, I Macleod, H Krieger; 166

**Utilized information system to reduce the medication errors (poster)**

L Wei, W Cheng; 179

**W**

**What is the state of the art in drug surveillance in the ICU? Pharmacovigilance (poster)**

E Siviero; 175

**Why patients don't want to be transferred from ICU: nurses' perspectives (poster)**

H Cicek, A Demirtas, A Yava, N Tosun, N Akbayrak; 147

**ITALIAN ABSTRACTS**

**C**

**Confronto randomizzato Abbocath vs cateteri Midline in pazienti in terapia ev per almeno 6 Giorni**

A Mitidieri; 184

**Cure di fine vita: contesto italiano**

N Marinelli; 184

**T**

**The nurse coordinator transplants, risk management**

D Zambello, L Libanori, B Zambello, I Crepaldi, M Sommacampagna; 184
